February 2022

Dear Partners in Ministry,

I've been in Nairobi since January 3rd. It took a full three weeks to get settled, locate the discipleship center, obtain necessary discipleship material and Bibles, and help David get settled in the discipleship center, which will also be his home. Victoria lives across the city where she is completing her Master's degree in counselling. They have known each other for several years and have worked together mentoring young Christians, but had started dating just before I arrived in Kenya. They are planning a December wedding after her schooling is completed. The better I get to know them, the more I see their mature Christian lives and deep commitment to winning people to Christ and discipling them. They are completely committed to purity before marriage. PTL! What a rare commodity these days, here in Kenya and equally so in the States.

We went into Kawangware slum for the first time on January 25th to share the gospel. My Swahili was a bit rusty at first, but now it flows more fluently without my having to concentrate on the language. We are going there on Tuesdays and Thursdays. For me Wednesdays and Fridays are taken up emailing or writing you. This was Ruthan's job, but since she is in heaven, I've inherited it. After people pray for salvation, Victoria records their names and David bonds with them and answers their questions. Then we give them the first lesson of the forty-two lessons we have available. David and Victoria are also very busy discipling these new converts.

What a thrill to be in the center of God's will, and to be used of God for his glory. My pastor recently taught me a song, which is not new, but was new to me; and it is the longing of my heart:

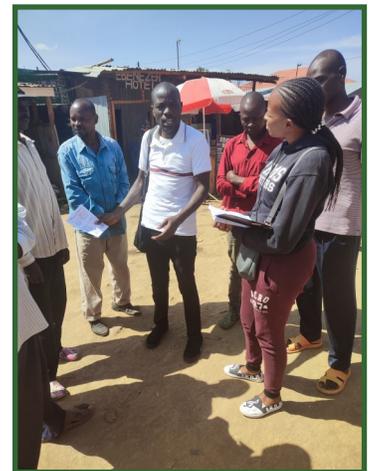

To be used of God to sing, to speak, to pray;
To be used of God to show someone the way.
Well, I long so much to feel the touch of His refining fire.
To be used of God; it's my desire.

For His Kingdom,

Hal Burchel
