### April 2022

Dear Partners in Ministry,

I have returned to the States with a full heart and an empty purse. I will be here for April and early May. I hope to get to see as many of you as possible while I'm on this brief furlough.

As you will remember, on September 21, 2021, the Lord gave me a very definite call back into street evangelism in Nairobi, Kenya. Because of your generous giving I was able to come to Kenya three months later with enough funds to get the ministry started. The Lord, through my dear friend, Kamal Said, provided a lovely one-bedroom apartment among very kind people. We also found the ideal location for the discipleship center, which is up and running. We had enough funds to purchase a good supply of discipleship material and Swahili-English New Testaments. People are turning to Christ as we share the simple gospel. David Bainito and Victoria Mwai, whom I call my African grandchildren, have been invaluable in the ministry. They were officially engaged March 17<sup>th</sup>, and we had a great party with over twenty of their dear friends in attendance. They will be married November 10<sup>th</sup>.

A number of you gave a liberal one-time gift, which launched the ministry. Several of you committed to monthly or quarterly support and have been honoring your commitment faithfully. I want to tell each of you how grateful I am for your prayers and financial backing. But to continue the ministry, I need more of you to consider giving on a regular basis, either monthly or quarterly. I look to the future knowing that "faithful is He who calls you, who also will do it" and "My God shall supply all your needs according to His riches in glory in Christ Jesus."

Below are pictures of David and Victoria on their engagement night; Kamal and his dear wife, Margaret; the four grounds keepers at Diani Springs Apartments, where I live; and Lucy, who owns the property, Olivia the cook, and Marietta, my housekeeper. Lubna, the manager, is a very gracious lady but because of her Muslim faith is not allowed to have her picture taken. They all really take good care of me and treat me with great respect because of my age. I must admit I enjoy all the babying!

For His Kingdom,

## Hal Burchel

David and Victoria

Kamal and Margaret

Daniel, Patrick, Anthony, John

Olivia, Lucy, Me, & Marietta
